ETFs

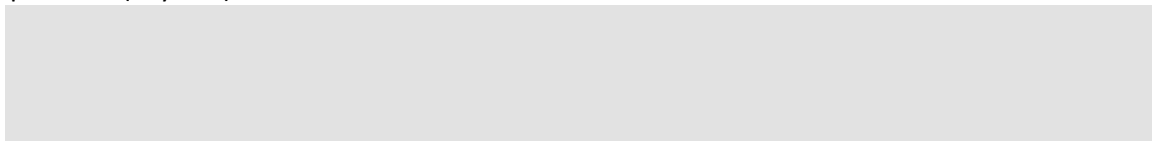

REITs

Limited Partnerships

Other (provide details)

Describe your financial goals for the capital invested in this/these accounts (retirement funding, educational cost, other...).

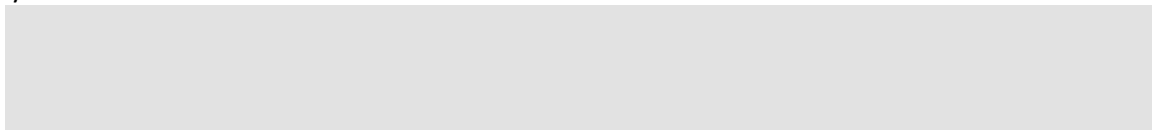

What will be your liquidity needs from this/these accounts? What is your time horizon for the portfolio (in years)?

A large rectangular grey box used to redact the response to the first question.

What percentage of your total investment portfolio will you initially place under Fleurus'

A horizontal grey bar used to redact the response to the second question.

Please provide any additional details that may be useful as we manage this/these accounts on your behalf.

A large rectangular grey box used to redact the response to the third question.

7. Risk Tolerance Questionnaire

Which of the following best reflects your investment objectives?

I seek to preserve my investments and accept minimal return to pursue my objective.

I seek to generate income from my investments and am interested in investments that have historically demonstrated a low degree of risk of loss of principal value.

I seek to grow the principal value of my account(s) over time and am willing to invest in securities that have historically demonstrated a moderate degree of risk of loss of principal value to pursue my objective.

I seek to grow a greater amount of the principal value of my investments over time and am willing to invest in securities that have historically demonstrated a moderate to above average degree of risk of loss of principal value to pursue this objective.

I seek a significant increase in the principal value of my investments and am willing to accept a corresponding greater degree of risk by investing in securities that have historically demonstrated a high degree of risk of loss of principal to pursue this objective.

From September 2008 through November 2008, US stocks lost more than 31% of their value. If you owned a stock investment that lost about 31% of its value in three months, would you... (please select the answer that best matches your actions at the time.).

Sell all of the remaining investment

Sell some of the remaining investment

Hold on to the investment and sell nothing

Buy more of the investment

Other. Explain _____

When the market goes down, I tend to sell more of my riskier assets and put the money in safer investments.

I strongly disagree
